

# Test Lane

- 1 : Side Slip Tester
- 2 : Suspension Tester
- 3 : Brake Tester

Vehicle testing & diagnostics in the presence of your customers improves transparency and confidence. A complete vehicle test can be accomplished with the fully automatic test sequence where all testing units (Side slip tester, Suspension tester and Brake tester) start automatically. **ATS ELGI's VTEQ 3000** is the most advantageous test lane for pre & final inspection. The new generation VTEQ 3000 combines modern electronic solutions, sturdy mechanical elements and an attractive design. Standard diagnostics with results documented on the test record provide an additional service and profit for your facility.
